

## Chapter 16

I looked at William Chuang with curious eyes.  
"William Chuang, do you want to go to the hospital for examination?"

Is there anything wrong with your brain?

William Chuang stretched out his hands on the back of the sofa in a relaxed manner.  
"Don't be nervous. Fake marriage is just cheating the family."

"False marriage?" I understand a little bit,  
"How?"

"There will be not wedding, but a certificate. We can keep the secret. Only the family know the truth. We are still single in public."

"Don't fool me! What can I get from it? "

I don't want to get married! I have already made up my mind to be single in my life. For a woman like me who is financially and personally independent, marriage is a negative asset. It is not only useless, but also harmful.

18:39

The marriage of parents is an awkward example.

"The advantage is that you don't have to go on blind dates and your mother won't nag you." He made a face, added, "Not to mention having a silly doctor as a plan B."

I was angry, "William Chuang! How dare you to investigate me!"

No wonder he called Noble Doctor last time in the hospital. He had been investigating me secretly for a long time!

William Chuang smiled disapprovingly, "How about it, think about it?"

What an abominable smile he has!

I stared at him. "William Chuang, you are wrong. I have never used Noble Liu as a backup. If there is one person in the world who makes me want to get married, it must be him."

I really can't say it, otherwise I would like to tell him that when I seduced him in the bar, the fantasy in my mind was Doctor Noble Liu!

William Chuang's face darkened. He stared at me for a long time before he said, "What's the

18:39

good of that stupid doctor who is bald? He chooses Chinese as the research field, and he can't even find a job when he leaves the postdoctoral station. "

What's the matter, why is his tone a little sour?

Hum, he must be jealous of Noble's academic qualifications higher than him!

I defended Noble Liu, "What if he can't find a job? He is a postdoctor who is knowledgeable! Unlike someone born with a silver spoon, relying on their own background, cheating and bullying everywhere."

William Chuang was speechless. I was so happy to see his embarrassment.

I got up gracefully and left him a piece of advice, "William Chuang, you can find Candy Wu to get married under false pretences. I think she will be very happy!"

I walked briskly out of his office, feeling a sense of accomplishment after winning the battle.

During dinner with Katy Van, I talked about it as a joke.

Katy Van called me stupid, "You idiot, why don't you say yes! Fake marriage will not do you any harm, think about it, if William Chuang become your husband, isn't it possible for him to protect you at work? I heard that the boss of the accounting department was secretly recruiting people to start his own business. If his position is vacant, you will have a chance! Then you can ask William Chuang for the position."

"But ..." I was worried, "what if something happened between us accidentally?"

Katy Van looked at me with vague eyes, "Then you can enjoy the beauty of Mr. Chuang."

I was totally speechless.

Katy Van began to help me work out the plan. "You can list your conditions. If he can promise, the deal can be done!"

"Conditions?" I was lost in thought. Do I really want to promise? I have so many conditions that I'm afraid he will refuse.

Is there any ulterior motive behind his proposed fake marriage?

After thinking about it, I couldn't figure it out.

18:39

Maybe it's because his family urged him. And he just find someone to get married randomly. After all, he knew I wouldn't love him, and I wouldn't care if he played outside.

Well, it must be.

## Chapter 17

I agreed to William Chuang's "proposal".

The prenuptial agreement clearly stated,

1. The wife's side does not assume any obligation that the wife should do except to act in front of the elders.

2. Both parties shall live in respective rooms. They shall not interfere in the private life of the other party.

3. Divorce one year later. The husband's party shall compensate the wife's party 500,000 yuan as the breakup fee.

Katy Van's eyes were straight when she heard the contents of the agreement, "Oh My God, this is simply an unequal treaty! Mr. Chuang lost a lot! "

I happily ate the apple, "He proposed the marriage, I surely need to take advantages of him!"

"Just don't lose yourself." Katy Van smiled, "I think Mr. Chuang has a crush on you and

18:39

wants to tie your wild heart with a marriage certificate."

"Come on, he has a lover named Luna."

I told Katy Van that night at the bar, William Chuang had been taken me as "Luna".

"Ex- girlfriends are the past stories. Whose name in the marriage certificate is the really winner." Katy Van spoke eloquently.

A week later, William Chuang and I secretly got a marriage certificate.

Coming out of the Civil Affairs Bureau, I was in a bad mood.

The marriage agreement, it seems that I took advantage of it, but looking at the bright red marriage certificate, my heart was still blocked.

William Chuang was in a good mood. His mouth and eyes seemed to be smiling.

I turned my head to stare at him and looked up and down. "William Chuang, how do I feel I lost this deal?"

"Don't be a fool ..." William Chuang grinned at me.

Under the sun, he was tall and handsome, with a bright smile and glowing eyes, like a small sun.

My heart seemed to have been hit by something and I was so scared that I quickly looked away.

"Don't you want me to go home with you to meet your parents? Let's go." I turned and headed for the parking lot.

This level will have to be passed sooner or later. I'd rather do it as soon as possible.

Besides, I'm not afraid to see the elders either. I just need to smile cleverly and talk sweetly to make them happy.

Only when I arrived at William Chuang's house did I realize that such a low-key villa was hidden in the heart of the city.

The villa area is not large, the architectural style is elegant and unique, with green trees and flowers, lawns and lakes, and the environment is quiet.

"My parents have a dinner party today and will not be able to come back until tomorrow. We will see my grandparents first today."

18:39

William Chuang explained to me.

I nodded casually, "Well, don't worry, I'll cooperate with your trick."

William Chuang's grandparents had been waiting in the living room for a long time. Seeing me come in, they stood up happily to meet me.

I also changed into a sweet smile and walked towards them with dignified and elegant steps.

Huh? What's happening? I found that Chuang's parents looked at my face for a moment and then quickly exchanged a look.

What happened to my face?

There is nothing wrong with my gorgeous face.

Why are the eyes of the two old people so meaningful?

"Grandma, this is Lizzy Zoe." "Lizzy, this is my grandparents."

William Chuang made the introduction in a timely manner.

Holding my voice, I sweetly said hello to the

grandparents, "Hi, grandparents. Nice to meet you."

"Oh, hi, Zoe. Nice to meet you, too. Please take a seat." William's grandmother smiled kindly. "William is a real child. He kept the secret for a long time that our family thought he was single and was in a hurry to find a girlfriend for him."

Grandpa Zhuang also smiled kindly, "They used to say that our William is picky. I thought his favorite girl hasn't appear. See, it's the time. We are all surprised that you get married in such short time."

"Well..." I smiled, beginning to whisper, grandpa sounded like complaining ...

Who cares? It is William Chuang should be complained about. It's none of my business.

I cheer up to socialize. From Grandpa's temperament to Grandma's hairstyle, my mouth is as sweet as honey, which made them laugh.

William Chuang didn't speak much. He was listening all the time. His face was full of smile which made it hard to figure out his real

18:40

thought.

I am not satisfied with his performance. I performed so hard that he should at least nod to me, smile or do something to affirm my efforts.

After dinner, I realized William Chuang's evil intentions.

At that time, I thought it was getting late and offered to leave. Then Grandparents asked me to stay and said, "Stay here tonight and meet your parents-in-laws tomorrow. So you don't have to get up early tomorrow to come here."

What they said was too reasonable for me to refuse.

No wonder William Chuang can't wait to take me home to meet his elders. He chose the day when his parents are not here and will not come back until tomorrow!

I have to stay at his house for one night.

What does he want? Do you want to sleep with me? Or is it really just coincidence that I think too much?

In the evening, William's grandmother

18:40

directed the nanny and changed William Chuang's bed into a full set of bedding. In a room with a frigid style, the bright red brocade quilt looked ridiculous.

"I'd better sleep in the guest room. I sleep at night and snore loudly. I'm afraid William will be disturbed." I pretended to be considerate to discuss with William's Grandman.

At this moment, my heart is collapsing.

"What does it look like, the first time a newly married couple comes home, how can they sleep in separate rooms? It is unlucky. " William's grandmother lowered her face and looked at me reproachfully.

"I ..." I really want to shout, "I d\*mn is a fake wife!"

"Good good, so it is decided. It doesn't matter. William won't mind your snoring. He will get used to it. " William's grandmother said.

After William's grandmother left with the nanny, I closed the door and glared at William Chuang ferociously, "William Chuang, did you mean it? ! "

Do you want to take advantage of me, so you

18:40

have tried so hard to share a room with me?

"You think too much." William Chuang looked at me calmly, with a complacent smile on his lips.

I stared at his eyes, and he also stared at mine. The two of us stared at each other for a long time.

Finally, I couldn't hold, my eyes were more and more acid and painful.

I couldn't help but stop the ridiculous competition, and snorted coldly, "I sleep in the bed, you sleep on the sofa, that's it."

William Chuang said slowly, "I never sleep on the sofa. You can choose, either sleep in the bed with me or go to sleep alone on the sofa."  
"

"Sleep in a bed with you? You wish! " I looked at him disdainfully.

Now I can be sure, this guy just want to take advantage of me!

Are you kidding? I'm so strong-willed and smart that I will never let him take advantage of me.

18:40

So I found a blanket and walked to the sofa with proud steps. I lay down with my clothes and wrapped myself in the blanket.

Sleeping in the middle of the night, I woke up from the cold.

The blanket on my body was completely useless. Cold air penetrated into my body through the blanket. I was so cold that I couldn't sleep at all.

I turned over and saw William Chuang sleeping soundly under the quilt.

I was so angry that I wanted to swear. I was d\*mn freezing to death, while this man slept so comfortably.

So I rushed to William Chuang's bedside. I was about to pull off his quilt to cover myself when William Chuang opened eyes. "Pull off a man's quilt in the middle of the night, Lizzy Zoe, are you too thirsty?"

## Chapter 18

I became miffed, "You are thirsty! Don't you be ashamed of making me shiver with cold on the sofa, while you slept comfortably in a big bed? "

"You can go to bed, I didn't stop you." William Chuang squinted at me, looking like a scoundrel.

I was so angry that I threw the quilt at him. "William Chuang, do you believe I would teach you a good lesson?"

I was just bluffing, I didn't expect William Chuang to sit up with great interest, "No."

His eyes were fixed on me, bright and burning like a small sun.

I began to feel flustered again. I stared at him and turned to leave, but he grabbed my arm from behind.

William Chuang gave me a hard pull, and as soon as I fell on the bed, he rolled over and pushed me up.

"Didn't you want to teach me a lesson? Lizzy Zoe, why did you escape? " He whispered in my ear, and his hot breath fell on my earlobe, tingling and itching.

"What are you doing? Let go of me! " I finally realized that the thing was out of control and I struggled hard.

William Chuang ignored my resistance. He gently sucked my earlobe and neck and deliberately teased me with the tip of his tongue. I had goose bumps all over my body and couldn't help shivering.

My voice trembled, "William Chuang! Stop it, or I'll shout! "

"Just shout. This is fun. Everyone knows ..." William Chuang said, sealed my lips with his lips.

His kiss was wild and fierce, and my strength disappeared gradually. At last, my whole brain was dazed.

Everything does not exist. The whole world has gone, except for his fevered kiss and hand.

I could not help wrapping around his waist

21:17

with my legs.

"Do you want me?" He propped himself up and looked down at my face.

His lips were moist and ruddy with hot kisses. His eyes were full of strong desire.

I have to admit, he is h\*ll sexy now.

Do you want me? This is a problem.

Actually, I do. I am 27 years old, which is the most plump and delicious age for women. Once we have had the beautiful experience, we would become extremely sensitive and couldn't resist such romantic affairs.

But ... I am a celibate, what's more, I don't love him.

William Chuang saw that I didn't reply and started to search for the private part of my body.

"Do you want me?" He asked again. This time, his hands began to stir up trouble, and his movements were dense and meticulous.

I was going crazy.

"Say you want me." He bit my earlobe gently and coaxed me vaguely.

21:17

"Ah ..." I couldn't say anything at all. My brain has lost its ability to think. I had to cater to the movements of his hands instinctively.

His body was crushed down. I was surrounded by tremendous pleasure all of sudden.

The next morning, I got out of bed in a bad mood. I felt ashamed.

William Chuang whistled recklessly and came to me to wash with me.

His face couldn't be better, and he looked glowing.

While brushing my teeth, I stared at him intensely, eager to dig a hole in his face with my eyes.

"You have a very handsome husband, haven't you?" He touched his face triumphantly and winked at me.

I didn't want to look at him, swallowed back the words, "William Chuang, this is seduce."

Forget it, it just happened. What's the point of discussing this now?

I'm ready to let William Chuang go, and he

leaned in shamelessly, "I remember someone once said that my skills on bed were not good ... well, have you changed mind after last night?"

My face flushed, but I pretended to be tough, so I sneered, "Not that bad. Don't flatter yourself, okay?"

"Not that bad?" William Chuang wiped the water off his face at random, stretched out his hand and grabbed my chin. "Are you sure?"

I knocked off his hand and said in a proud voice, "Do you want me to praise you for your serving me well last night? How much should I pay you?"

"Ha!" William Chuang smiled and stared at my neck intentionally. "Lizzy Zoe, don't be so tough. Is it that hard to tell the truth?"

I looked in the mirror and found astonishingly that my neck was full of hickeys.

In the morning, I met William Chuang's parents.

William's mother's name is Wendy Sum. William's father often appears on TV news, so

I won't mention his name.

When they saw me, they obviously paused for a moment, like William Chuang's grandparents, but soon returned to nature.

What the h\*ll? I was curious and confused, but I could only smile.

"Dad! Mom!" I blushed and smiled, and acted vividly to be a shily bride who met her parents-in-laws the first time.

William's father nodded, "Zoe, you have done a good job of keeping secrets. We knew nothing about the marriage in advance."

It's funny. His son proposed the flash marriage. I have nothing to do with it.

Before I could speak, William Chuang said, "Dad, it was my thoughtlessness. It has nothing to do with Lizzy. The wedding was also a temporary event, so I brought her back as soon as we got the marriage certificate."

"Nonsense!" Wendy Sum, who had not spoken, whispered, "Marriage is not a child's play! You've only known each other for a few days. How could you marry so fast?"

Wendy Sum has fair skin and graceful

21:17

manners. When she was young, she must be very gorgeous.

She is so graceful even when she is angry.

I watched the middle-aged belle nearby, listening to her son fighting with her, "Mom, I fell in love with Lizzy at first sight. I just want to marry her soon and bring her home. "

Love at first sight? I almost laughed out loud.

It is no wonder that William Chuang can be the president. Few people can match his ability to tell lies so boldly.

Sure enough, Wendy Sum also laughed. She seemed to try to say something, but in the end she didn't say anything.

"As you wish. However, I remind you that marriage is not a joke. Your social status and life experience are different. There are still a lot of space for you to adjusted. " Wendy Sum said coldly.

I know that she said this to William Chuang on the surface, but she actually said it to me.

Don't you just want to imply that I'm not that qualified for your family? Don't look down on people.

I suddenly pulled William Chuang's arm up in a mischievous way, pouting and playing coquetry with him, "William, do you hear that? Mom said that we should take time to go on well with each other. If we quarrel or have any different opinions later, you have to make compromises."

I shook his arm, pretending to be delicate.

I tried to irritate her in this way. I wanted her to accept the fact that once we get married, her son is my husband who should always take care of me.

I don't care what she think.

I glanced at Wendy Sum. Sure enough, her face was not very good-looking, and looked at her with hatred.

I stopped when I felt satisfied with the result. I was about to draw back my arm when William Chuang put his arms around my waist. "If you behave, I will promise you."

He looked at me with a smile, his eyes were full of spoil.

Oh My God! I was sick of his performance.

He deserves a reward for his performance.

21:17

I was almost believed that he was a affectionate husband spoiled his wife.

I smiled at him, "Wow,great."

I really didn't expect William Chuang to cooperate so much. I couldn't help peeking at Wendy Sum. Her eyes were cold and sharp.

## Chapter 19

In the afternoon, William Chuang and I returned to the city and went back to our respective homes.

Katy Van called me as soon as I entered my residential area.

"How about Mrs. Chuang? I called you last night and your cell phone was turned off. How was your wedding night?" Katy Van had a teasing tone.

"The battery is dead. It's charging." I said guiltily.

"Nice try, Lizzy Zoe! Have you learned to lie?" Katy Van's excitement could be felt through the phone, "hurry up! What happened last night?"

I simply accepted it, "What else do you think will happen if a man and a woman stay in the same room at night?"

"Ahhh!" Katy Van's screams nearly shattered my eardrum.

21:18

I thought she would ask about the details, but she totally surprised me, "How was it? Did Mr. Chuang make you happy last night? Were you enjoying yourself? "

I was speechless, "..."

"Come on, don't be embarrassed. We are such good friends, we can share every secrets ..." Katy Van was very sad.

I couldn't help but to shout, "You are a unlucky woman who has never slept with men for 28 years. What can you share with me? Forget about it! "

After rebuked, Katy Van was still happy. "Hey hey, Lizzy, you are so lucky that your position at Liam Corporation is stabilized. You win the identification of Mrs. Chuang and the beautiful body of Mr. Chuang! "

"I'm sick and tired." I sighed.

I regret that I did not control my desire and messed up with William Chuang again.

I am a superficial woman, a woman who is not divorced from vulgar taste, and a woman who cannot control her own desire.

This kind of cognition makes me feel

21:18

depressed.

When I got home, my mother still praised me, "Lizzy, it's right for you to take part in the activities organized by the company on weekends. Going out for a walk will be helpful for your spirit. Look at you. You look perfect."

I blushed and stammered a few words and asked my mother, "Where's Vivian? Didn't she have no classes on Sunday afternoon?"

"She got a call and went out, saying it was a reunion and she would be back later."

So, I didn't take it seriously, my sister has always been very good, will not cause any troubles.

However, my sister came back very late.

My mother nagged unhappily, "How could you come back so late? Even you stayed with your classmates, you should keep in contact with us. You don't know how much I was worried about you when you were not available on the phone. Since when you are so ignorant."

"Forget it, it won't happen again, right?" I took care of my sister and pushed her into the bathroom. "Go take a bath."

21:18

My sister is shorter than me. I lowered my head and suddenly saw small red marks on her back neck.

I narrowed my eyes in surprise. The red mark ... What is going on?

"Vivian, what happened to your neck?" I reached for her collar.

My sister stepped back in surprise, covering her neckline. She looked at me blankly and her eyes suddenly turned red.

As if a thunder burst from my head, my heart ached, "Vivian! What's wrong with you? Speak up!"

I rushed to pull my sister's clothes.

The moment her clothes was torn apart, I gasped. Her chest, from the clavicle down, is full of hickeys!

Under the constant pressure of my mother and I, my sister cried and told the whole thing.

At the reunion, she felt dizzy and groggy after drinking a cup of drink, and went to the wrong box, and was molested by a strange man.

21:18

"He, did he touch you?" My mother was hard to speak out that word, "I mean, did he do that you, did he ..."

I interrupted my mother, directly asked my sister, "Did he rape you?"

Sister's face was full of tears, shaking her head, "no ... no ..."

My mother and I looked at each other, and were relieved. Fortunately, it is not a rap. Otherwise, it will be too much physical and mental damage to my sister.

The next day, my sister was still upset and didn't want to go to school.

I was worried about her, so I took a day off at home to accompany her and popularize some knowledge of girls' protection for her.

In the afternoon, William Chuang called me, "Why didn't you come to the company today?"

I took my cell phone and went to the balcony to pick it up for fear of being heard by my family. "There is something to deal with at home, so I have to ask for leave. What can I do for you? "

William Chuang did not answer my question

21:18

and asked me, "What's the matter at home?"

"It's nothing." I just prevaricated.

"You are not feeling ill, are you?" William Chuang's voice suddenly dropped, with some malicious ambiguity.

My face blushed, I didn't know how to answer, so I had to pretend that I didn't understand, "Why should I feel sick? Can't you stop cursing me? "

William Chuang chuckled, "Last night you did too much exercise and no time to sleep. I'm afraid you were too tired."

Shame on him! I knew he was not that kind!

I sneered, "Maybe it's you who were too tired. After all, you are aged, your body functions decline, so you do not like our young people. "

William Chuang is 32 years old, 5 years older than me.

William Chuang still smiled. "Lizzy Zoe, are you making the next challenge? Are you still not satisfied, so you want to try it again. "

"Get out!" I hung up the phone quickly and my heart was pounding.

21:18

Standing on the balcony and looking at the boundless world of mortals outside, I felt perplexed.

I found that I seemed to like William Chuang a little.

Does it because of the passion between us? I don't know.

"Beep, beep..."The phone rang again. I picked it up and found Katy Van calling.

"Lizzy! You missed a big event today! " Katy Van excitedly gossip with me.

"What is it?" I asked casually without hope. Katy Van's gossip is of poor quality.

"Our salary has been raised! Please check your work email to see the latest email from the finance department! Mr. Chuang personally approved it! "

"Really? This is not like Liam Corporation's stingy style! " I was very happy.

"Really! We are all excited! " Katy Van laughed. "I heard from the CEO that Mr. Chuang was in a very good mood today, smiling and glowing. Secretary Zhang accidentally spilled coffee on him. he didn't

21:18

blame her either, but comforted her amiably."

"Is it?" I didn't smile, "Secretary Zhang must be flattered, didn't she?"

Hum, all the coquettes have been trying so hard to attract William Chuang's attention.

"Hey, Lizzy, do you think William Chuang gave us a raise to celebrate his wedding?"

"Bullsh\*t, it's just a false marriage to cheat elders. Are you still serious? " I said, but I started to suspect his real motivation.

William Chuang is in a good mood. Is it really related to our marriage?

Would it be really like what Katy Van said, he likes me, so he tried to live with me by the excuse of false marriage?

## Chapter 20

The next morning, I got up early.

I tooke a bath and dressed up. I chose the lipstick of delicate peach blossom red, and wore high heels of 10cm.

With faint expectation, I arrived at the company.

However, nothing happened all the morning. William Chuang did not find me at all.

What I am facing was still monotonous and repetitive work, and I still had to cheer up and do my best.

After a day like this, I worked a little extra shift in the evening. I was just about to leave the office when William Chuang called me.

"Come to my office." His voice is magnetic and pleasing.

I waited for him for a day, so my tone was somehow chagrined and blunt, "Why? It's time to leave."

"Yes, it's closing time, so your current identity

21:35

is Mrs. Chuang." William Chuang threatened me. "Don't forget, the agreement says that you should cooperate with my acting to deal with the elders."

"Have your parents come to see you?" I said coldly.

"My grandmother will talk with me by video later. Come here so that she can see her granddaughter-in-law. "

"I see."

I appeared coldly in William Chuang's office, with a full face of reluctance and unhappiness.

William Chuang took my chin lovingly, "What's the matter, who messed with you?"

I raised my hand to knock off his hand, "Aren't you very busy? Why don't keep on working but molest a good woman?"

William Chuang looked down at me for a while, then suddenly smiled, "I didn't contact you today. Are you angry?"

I didn't expect him to be so smart, panicked, "Don't talk nonsense. I'm not that boring!"

21:35

I twisted my head unnaturally and did not dare to look into his eyes.

William Chuang held up my chin and smiled, "I was very busy today. I had a meeting all day and didn't have time to eat lunch. I come to see you as soon as I was free. Are you satisfied? "

He coaxed me with the tone of coaxing a child. His voice was so gentle.

My heart began to thump again. I was so scared that he would hear my heartbeat.

I wanted to push him away, but he pulled me into his arms and hugged me tightly.

I didn't hug him back or push him away.

We held each other quietly for a while. He buried his head in my hair and asked me, "What shampoo do you use? It smells so good."

"Poison, anyone who smells the fragrance, as long as he walks out of the seven steps, he will die of bleeding eyes, nose and mouth.." I am talking nonsense solemnly.

"No, sweetheart, it must be philter ..." William Chuang started to tease me again, and his

21:35

kisses fell down my forehead and eyes.

I sighed sadly, "William Chuang, do we really have to be friends with benefits for a year?"

William Chuang frowned. "Lizzy Zoe, can you speak a little bit coarser?"

"Am I wrong? Only sex without love, what will you call it? " I carefully tested him, testing my position in his heart.

William Chuang sneered, "Then you should be glad that you have found a first-class friend with benefit who has a good figure, high facial expression and first-class skills. "

His face darkened and he stopped embracing me. He pushed me away and walked to the desk and sat down.

To be honest, my heart is very uncomfortable.

My intuition is right. He doesn't love me. He just loves my body.

I shook my head and assumed a more cool attitude than he did. "You have nothing to complain. I have a good figure, high facial value, first-class skills and a much higher personality than you!"

21:35

William Chuang laughed, "First-class skill? Lizzy Zoe, do you think lying in bed without moving is first class?"

His face was full of disdain and his tone was full of provocation.

I was really mad at him. I walked to his desk and learned the way he used to treat me, reaching for his chin. "William Chuang, dare you say you don't enjoy it? Aren't you anxious to die on me?"

The words were explicit and obscene, but I couldn't care less. I can't lose the fight.

William Chuang did not speak, squinting at me. His eyes flashed with light I couldn't understand.

I was somewhat alarmed by him. I pinched him severely and was ready to withdraw.

William Chuang said behind me, sarcastically, "Is that it? It scared me to death. I thought you could do something more interesting to me."

I suddenly turned and stopped, "Do you really think I can't scare you?"

William Chuang snorted, "Would you like to

try?"

Stupid man! I walked back to him with my high heels, lifted my skirt and straddled his legs. "William Chuang, don't move, feel my skills carefully."

After a series of unspeakable movement, William Chuang's eyes turned red.

I thought it was the time to leave, smiled sweetly, "Wait for me, there will be more fun."

I stepped down from his legs and headed for the office gate.

"What are you doing?" William Chuang finally realized something was wrong and sat up straight staring at me.

"Go home." I looked back and smiled, "Mr. Chuang, are you feeling a little uncomfortable now? It doesn't matter, you can do it yourself or take a cold shower. There are many ways, I will not teach you one by one. Goodbye!"

I escaped from William Chuang's office, thinking of his untidy clothes and insatiable desire, and I felt very funny.

Then I wanted to cry again.

21:35

What a d\*mn sh\*t! I am a decent young man, how can I become a friend with benefit?

That night, William Chuang ran to my house to find me.

In his car, we experienced that beautiful thing again.

I found in despair that this relationship has been firmly labeled as passion without love. He and I, who have obtained marriage certificates, are the d\*mn legal friends with benefit.

We enjoy the moment, our bodies are well getting used to each other. We have a lot of perfect moments.

William Chuang is getting better and better to me and spoiling me more and more, but I know that all this is just an illusion. He doesn't love me.

This relationship lasted for three months, until that day, I saw a woman at the front desk of the company.

It was a woman with a stunning side face. She has a slim figure, fashionable dress and good temperament.

21:36

What a d\*mn sh\*t! I am a decent young man, how can I become a friend with benefit?

That night, William Chuang ran to my house to find me.

In his car, we experienced that beautiful thing again.

I found in despair that this relationship has been firmly labeled as passion without love. He and I, who have obtained marriage certificates, are the d\*mn legal friends with benefit.

We enjoy the moment, our bodies are well getting used to each other. We have a lot of perfect moments.

William Chuang is getting better and better to me and spoiling me more and more, but I know that all this is just an illusion. He doesn't love me.

This relationship lasted for three months, until that day, I saw a woman at the front desk of the company.

It was a woman with a stunning side face. She has a slim figure, fashionable dress and good temperament.

21:36

I heard her say to the receptionist, "I want to see William Chuang. Please inform him."

The front desk clerk asked her, "Do you have an appointment?"

"No. However, I think he will meet me. My name is Luna Ford." As the woman said, she seemed to realize that someone was looking at her and turned to me.

At the moment when my eyes were opposite, I saw her face clearly.

She has a pure and beautiful face, with a cinnabar mole between her eyebrows.

Suddenly, my air-castle collapsed completely.

I finally understand why William Chuang kissed my eyebrows over and over again on the night of the bar for the first time.

I finally understand why elders of Chuang's would be shocked to see my face.

I have a cinnabar mole between my eyebrows too.

It turns out that I'm not even a friend of benefit.

I had been being a pathetic substitute.

## Chapter 21

Luna Ford sat opposite me in the cafe with elegant posture and delicate makeup.

"Miss Zoe, this is 300,000 yuan. Please take it. I hope you could divorce William."

Luna Ford's lips lit up, she looked at me quietly with her beautiful eyes and handed me a card.

I have to admit that she and William Chuang are the same kind of people, smart, calm, good at using money to communicate.

I shrugged as if I didn't care. "Fine. As long as William Chuang agrees, I can go to the divorce formalities immediately."

Luna Ford smiled charmingly. "William certainly has no problem. I have already told him."

I also smiled, "Really? Then why William Chuang doesn't come to discuss the thing with me in person?"

"Because you have a one-year agreement."

William is the man who has always kept his words." Luna Ford smiled faintly.

"I see. He's afraid of paying the default fine of 1 million yuan." I sneer, "It's okay. I made a lot of money from divorce in advance. With your 300,000 yuan and his 1 million yuan, I can lead a good life for the next few years."

"You can accept it willingly, that's the best." Luna Ford said cautiously.

"Go back and inform William Chuang. See him tomorrow at the Civil Affairs Bureau." I picked up the card and stood up to leave.

Luna Ford suddenly stopped me. "Miss Zoe, is your cinnabar mole between your eyebrows natural or tattooed?"

My heart ached like being stabbed by a knife, but I still smiled sweetly, "Secret."

Then I turned and left, and my tears poured out.

I didn't wipe them. I don't want Luna Ford to see.

300,000 yuan is good enough for me to splurge for a while. Neither man nor love is reliable, yet money is the only thing that can

21:36

live up to us.

When I got home, before I could pretend to be happy as usual, I heard my mother crying, "Your silly girl, are you going to drive me crazy! You are only 17 years old! Why should I suffer from this? My eldest daughter can't get married, now my younger daughter is unmarried pregnant!"

Pregnant before marriage? I was shocked by these horrible words.

I slammed the door and rushed into the bedroom, "Mom! What did you just say? Who do you say is pregnant before marriage?"

My sister was sitting on the bed in the bedroom with her head down and her face was swollen with tears.

"It's her! How shameful! Last time she said that man didn't touch her! Lizzy, look at her!"

My mother tore open my sister's school uniform and pointed to her stomach. "Her stomach is too big to hide it!"

I was panicked and asked my sister, "Who did it? Is that the man last time? Why did you say he didn't touch you? What the h\*ll is

21:36

going on? "

"No!" My sister threw herself into my arms and burst into tears. "I'm frightened, sister, I'm so afraid, I didn't know I was going to get pregnant, I didn't know!"

My heart was sore and painful. Holding my sister, I comforted her and shed tears.

My mother also cried, "Silly girl, if you admitted that day, you would have been fine after taking contraceptive pills. Now it's been a few months and you have to have an abortion. You are only 17 years old! How could you do this to yourself, to us? Why? "

We cried for a while. I grabbed my cell phone and said, "Make an appointment for maternity check tomorrow."

After the appointment, I said to my sister, "Go wash your face and let's go to the police station."

My mother was shocked. "Why will you go to the police station?"

"Report a rape crime of an underaged girl. It is a felony." I said calmly.

My mother began to cry again, "No, think

21:36

about it, your sister is only 17 years old, if our neighbours know it, she cannot lead a normal life, not to mention to go to school."

"Then what should I do? Let that b\*stard get away with it? No way! If he has escaped this time, he will hurt more girls next time.

My mother knelt down suddenly. "Lizzy, I know you are righteous and you can't tolerate any stains, but look at your sister. She is only a 17 years old child. If such a scandal comes out, she will not lead a normal life!"

My sister also knelt down and begged me, "Sister, don't report it, ok? I'm so frightened ... "

I admit that I am a wimp. I chose to compromise and did not report the case.

The next day, we accompanied my sister, wearing masks, drove to the farthest hospital for abortion.

When I waiting outside, I received a phone call from William Chuang.

"Where are you?" His voice seemed gaunt and moody.

I was also in a bad mood so I didn't intend to

21:36

talk with him for a long time, "Are you asking for the divorce thing? Fine, I have something to do today, 9:00 am tomorrow morning, I'll meet you at the gate of the civil affairs bureau."

As soon as I finished speaking, I hung up the phone and didn't even want to say a word.

He and I met each other by chance. Indeed we shared a temporary moment. But now, Luna has come back, William Chuang had to get rid of the "wife" who was in the way and have a happy ending with his true love as soon as possible.

It doesn't matter, I wish him well.

But why, my heart hurts so much that I can hardly breathe.

When the doctor finished the examination to my younger sister, he told us a bad news.

My sister's uterus is underdeveloped and the wall of the uterus is too thin. If she has abortion, she will probably be infertile in the future.

My mother and sister and I were sitting on the bench in the corner of the hospital,

21:36

without any words.

My mother's eyes are swollen because of crying for too long.

She looked at me blankly and sobbed after a while.

"Save the baby." I said.

I have calmed down. There are enough sufferings and misfortunes in life. How about a little more?

Nothing will be changed. It's not the end of the world. It's no big deal!

My mother wiped her tears again. "How can we hide the baby from others?"

Yes, this is a problem. After all, it is my sister's own child and my niece, we can't send it to the charity house.

However, how to solve the problem of children's identity?

I frowned for a long time, an idea slowly rose from my mind.

"Mom, just say the child is mine!" I said excitedly, "I'm 27 years old and having a baby is not a big deal."

21:36

Besides, William Chuang came to my house several times. The whole community knows that I have a handsome boyfriend.

Having children out of wedlock with a boyfriend is not so respectable, but it is not shocking.

"Is that all right?" My mother is still worried,  
"Lizzy, this will affect your future marriage!"

"Let's leave it for the future."

I didn't intend to get married. It happens to have Vivian's child as mine. It's a win-win plan.

My mood gradually improved and I saw the hope of life.

## Chapter 22

In the evening, I received a phone call from Grandma William Chuang.

"Lizzy, I'm Grandma. Can you talk now?" The old man's tone is very polite.

I'm also very polite, "Well, it's convenient, Grandma."

"Luna Ford, you know, she came to see me today. I heard that you want to divorce William?"

"well. They love each other very much, and I will help them." I try to make my tone seem indifferent.

"Help what! Don't be a fool, kid!" William's grandmother was a little angry. "William likes you now. If you divorce, Luna Ford is only one get the benefit."

I was quiet, "..."

William Chuang likes me, why didn't I know?  
Grandma, you think too much ...

"I also like you more, you are more honest

21:36

than Luna Ford, you are honest and sincere, which is the qualification we appreciate. "

I couldn't say any words,..."

But that is not the truth.

"A few years ago, Luna Ford said she wanted to learn clothing design and left our William to go abroad. Now, she has got some idiopathic pulmonary hypertension and only has 2 years left for her life. She has turned back and pretended to be fragile and asked William to accompany her through the final journey. " William's grandmother was indignant. "What kind of woman she is!"

I kept silence..."

Why I'm so lucky to run into such dramatic thing?

I didn't speak all the time, William's grandmother changed her tone. "I am not heartless or unsympathetic. I wish she could live a happily life for the last two years of her life. But she is not qualified to ask William for comfort! William is already married. It is inappropriate for her to do so! "

I still could say any words,..."

21:36

Actually, it is up to your grandson to decide whether it is suitable or not.

"Lizzy, you are a smart child, don't fall for her. William likes you, I have already seen it. With you, he always laughs. But when Luna Ford asked you privately to ask for a divorce, you did not hesitate to say yes! Do you know how disappointed William is? "

My heart ached, "Grandma, are you sure he is disappointed?"

His true love is back, he must be very cheerful.

"Of course? That night he got drunk and lost his temper at home. I was surprised to say how the child's character became more and more strange. Then the next day I knew that you had promised Luna Ford to divorce! "

My eyes were hot and I shook my head sourly.

No, it is not possible for William Chuang to be angry just because of divorce.

The only reason could be his true love's pathetic fate.

"Lizzy, promise grandma to have a good

21:36

communication with William. Both of you are stubborn. This is not going to work. There is always someone who has to give in first. Is it? "

I gave a wry smile, "I'm sorry, grandma, I've already made up my mind."

If there is always one person who has to give in first, why must it be me?

What's more, there is no concession. William Chuang and I are just friends with benefits.

The next morning, I took the marriage certificate and went to the Civil Affairs Bureau on time.

William Chuang was wearing a black shirt. A leopard embroidered by gold thread on his chest made him extremely hot.

He stood at the gate. He is tall and slender with cold temperament, looking really attractive.

I hid my emotions and walked up to him smiling, "Mr. Chuang, you look very handsome today!"

I smiled sweetly and politely, but William Chuang changed his face. He stood

21:36

disdainfully and stared at me coldly. He seemed to not to talk with me any more.

As the saying goes, one should be nice to another who is smiling. I d\*mn smile so humbly. Why is his attitude still so bad!

I have nothing to do with Luna's illness which makes her only live two more years.

What does it mean to be angry with me? !

My mood was bad, so I also coldly stared at him, "Since we have decided to divorce, why are you stand still?"

William Chuang followed me without saying a word.

I tried all my best to walk proudly and charmingly. Hopefully he could tell from my gesture that I don't care at all.

My heart ached. I couldn't control my ugly thoughts. Stay with your dreamy girl, enjoy the two years.

And I will live a long life!

Divorce is easier than getting married. Ten minutes later, the red marriage certificate was replaced by the green divorce certificate.

21:36

I tore up the certificate in front of William Chuang and threw it into the garbage can.

"Mr. Chuang, don't forget to pay back the 1 million yuan you owe me." I winked at him and laughed with two dimples.

Anyway, I have to show that I am in a good mood. I have earned 1 million yuan in the past few months, and I've enjoyed such a handsome man for free. Why am I not happy?

I was just reminding him casually, but I didn't think William Chuang was angry.

He grabbed my arm and dragged me into the green belt by the roadside.

"William Chuang, what are you doing! Are you d\*mn out of your mind? " I struggled hard.

Someone at the roadside looked at both of us and was stared back by William Chuang.

The green belt is a circle of tall and dense holly bushes, blocking we up.

"Lizzy Zoe, are you a woman or not?" William Chuang angrily questioned me. His grabbed my skirt with a hand and his eyes flashed fire.

"Do you have heart?"

21:36

Well, well.

I was blamed for my lack of compassion for his incurable love.

However, I really don't have compassion!

"Don't tell me about compassion or pride! William Chuang, what I care is money! A million dollars for breach of contract is clearly written in the agreement." I shouted at him.

"Want money? OK, I have plenty of money!" William Chuang began to tear my clothes. "I'll give you another million yuan, and you'd better try your best to please me!"

"Are you insane?" I reached out my hand to slap him, and he grabbed my arm and pushed me to the ground.

His thighs pushed open my knees, and his cold hands thrust roughly into my clothes.

Fear spreads my whole mind, he is not kidding. He is mad.

This man has completely lost his mind!

My hands were scratching on the ground. Suddenly, I caught a brick.

21:36

"Pa!"

The brick hit his forehead accurately, making him bleeding.

William Chuang suddenly stopped and looked at me stupefied.

His eyes were filled with shock, anger, frustration and despair.

There was blood dripping on my lips.

A touch of fishy sweetness made my heart ache.

## Chapter 23

Katy Van was shocked to learn that I was divorced, "Lizzy Zoe, how could you be such willful? Neither getting married or divorce is for fun. I can't believe William Chuang, a man of such high quality, cannot tie your heart. "

All I said was, "His ex-girlfriend is back. She also has a cinnabar mole between her eyebrows. "

After hearing this, Katy Van was silent for ten seconds. then, she rose up in anger, "it's time to leave! Good for you! This kind of man does not deserve you! "

I was amused by her. "Katy, you are really a iron-willed person!"

Katy Van spoke eloquently, "He regards you as a substitute. Isn't it normal for you to divorce him? Do you have to endure it all the time for his money and sex skills? This does not conform to my values! "

"I admire your attitude. "

"Will he hate you and suppress you at work?"

21:36

Katy Van had some concerns.

"He can't suppress me. I am ready to resign.

" I told Katy Van about my plan, "Vivian is not very well these days. I am going to give her a rest from school and take her and my mother back to our hometown for a year."

"Rest for a year? Then there is no need to resign and go home. " Katy Van was puzzled.

"We managed to get to the position of supervisor. What a pity that you resign now. "

"I have already thought it over."

I didn't tell Katy Van about my sister's pregnancy. This is our secret of our family.

My mother and I took my sister back to hometown.

It is wet and rainy in the small southern town, but the air is always warm and fresh.

I rented a high-rise building and found my sister the best private tutor.

As the days went by, William Chuang and I no longer had any contact.

Seven months later, my sister gave birth to a healthy little girl.

The little girl is very beautiful. Her big eyes seemed to have the magic power to comfort everyone.

We named her, Ann.

When Ann is three months old. I took her back to Beijing with my mother and sister.

Katy Van heard that I was back and came to see me the first time.

"What a pretty little girl!" Katy Van teased Ann and complained to me, "Lizzy, why didn't you tell me when you were pregnant? The good news came when the baby was born. I think you are a heartless friend! "

"I was not prepared to have this child at first." I lied without hesitation, "I didn't want to bother you with such king of thing."

"What about William Chuang? Does he know that you gave birth to a daughter? "

"Who said the child belonged to William Chuang?" I raised my eyelids. "This child has nothing to do with him."

"Come on." Katy Van reached for my forehead and said, "Don't worry, I won't tell him."

21:37

My sister went back to school. I also started to send my resume and started looking for a job.

I went to several companies for interviews, but the results were not very satisfying. It was a nice day. My mother and I took Ann downtown to buy clothes.

After shopping, we took a rest in the wooden chair of the shopping mall.

My mother amused Ann happily.

"Baby, call mom, this is mom!" My mother pointed at me and at herself, "This is Grandma. Come on, call Grandma."

How could a baby of four months speak? Ann whispers in her small mouth, and her mouth is bubbling with milk.

I bowed my head and kissed her on the face.  
"Our Ann are so cute, mom loves you!"

Suddenly, a pair of shiny black leather shoes appeared in sight.

When I looked up along the leather shoes, it turned out to be William Chuang!

Next to him stood Luna Ford, with long curly

hair, big red lips and a long white lace dress, with a dignified and elegant appearance.

I glanced at them for a second and withdrew my sight, pretending to see nothing.

"Mom, let's go home." I held Ann in my arms and called my mother to push the stroller away.

"Stop!" William Chuang stepped forward and stopped me. He stared at the baby in my arms and asked me, "Is this your daughter?"

His eyes are extremely bright, like two small burning flames.

I'm didn't intend to talk with him. I just wanted to leave quickly.

He stopped me relentlessly. "Who is her father?"

I'm tired, "Has it anything to do with you? Mr. Chuang, I don't know you very well and have no obligation to answer your question! "

"You don't know me well? Then how did the child come? "

My words angered William Chuang. He approached me with a cold tone.

"William ! " Luna Ford grabbed him in time, and she smiled coyly. "Don't talk nonsense. Be careful that the father of the child is not happy when he hears it. What happened in the past is over. Can you be more friendly to Miss Zoe? "

I looked coldly at Luna Ford.

Bah! Do I need her to speak for me? If it weren't for her not to live for two more years, I really want to severely satirize her.

"Mr. Chuang, don't worry, I won't ask you for alimony with the excuse of child. The child has absolutely nothing to do with you." Then I left with my mother.

When I came to the far corner and went downstairs, I could not help but look back.

I saw William Chuang still standing there, motionless.

I thought it was over. A few days later, I got a call from William Chuang.

"Lizzy Zoe, I'm downstairs in your house. Come down, I have something to ask you."

Wow, who did he think he was? Why should I follow his command? He was nobody to me.

21:37

I put my feet on the windowsill. "ah, it's Mr. Chuang. unfortunately, I'm not at home. I'm shopping outside."

"Don't waste time, hurry up. I know you are at home. "

"How do you know I am at home?" I began to suspect that my mother had provided him with information.

After all, my mother has always wanted me to get married.

"I have monitored your mobile phone and can locate your position." William Chuang spoke frankly.

When I heard this, I became angry.

I didn't change my pajamas. I ran downstairs on my feet and rushed to William Chuang breathlessly.

"What the h\*ll! Are you d\*mn sick? Why did you monitor my cell phone?" I was so angry that all my blood rushed to the top of my head.

William Chuang was fiercer than I was.

He dragged me into the car and threw a pile

21:37

of photos and cell phone call records in front of me.

"Lizzy Zoe ! In the last three months, the people you contacted were all women! Where is your child's father who haven't contacted you for three months? "

William Chuang pointed to the photo. "The photos are all you and your mother taking care of the kid. There was no man at all!"

He took out another copy of the hospital's operation form and hospitalization form, said, "Three months ago, eutocia, the pregnant woman was Lizzy Zoe!"

I opened my mouth and could not speak.

My sister used my name to give birth to baby and lied about my age. At that time, I spent a lot of money and effort just to make it perfect.

I didn't expect it would become the evidence that William Chuang used to take the baby away from me.

## Chapter 24

To do DNA test? No, if it is found that the child has no blood relationship with William Chuang but has a certain blood relationship with me, the truth of my sister giving birth to the child will be exposed!

"No more words?" William Chuang reached out and squeezed my chin. "Lizzy Zoe, are you dumb?"

I forced myself to calm down.

"What exactly do you want?" I stared at him coldly, not trying to get rid of his hand.

He didn't speak, just looked at me.

The temperature in his palm is getting higher and higher, which makes me feel a little bit hot.

My heart suddenly began to beat faster.

I was just about to get rid of his hand when he suddenly bowed his head and kissed me on the lips.

His kiss was domineering and touching.

21:37

I have to admit that I was too weak to resist his charm and push him away, especially when I smelled the pleasing fragrance from him.

His kiss made me an illusion that he does like me.

No, I must have thought too much.

Now Luna is his girlfriend. After years of thinking about his dream girl, William Chuang was finally paid off. How could he leave a place in his heart for me?

My heart suddenly became cold.

I broke free from William Chuang's arms, and my tone was a little upset. "Mr. Chuang, are you mistaken?" I pointed to my face. "Though I have the same cinnabar mole, I'm not Luna Ford!"

William Chuang looked at me and suddenly smiled. His eyes were starry. "Lizzy Zoe, are you jealous?"

Jealous? I'm f\*cking jealous, am I?

As if I was suddenly stripped, my face blushed with embarrassment.

"Are you kidding? Me? Who do you think you are? Why should I ... "

Before I finished speaking, my lips were sealed by William Chuang with kiss again.

This kiss was more touching and tender than before.

William Chuang held me so tightly that almost melted me into his chest and became one of his ribs.

After a long time, he let me go.

We all did not speak, quietly listening to each other's heartbeat.

"Luna and I are not what you think." William Chuang stretched out his hand and stroked my hair. "She has a terminal illness and will not live for two years. I stayed with her just to fulfill her bucket list."

I still said enviously, "Don't make excuse. I know she is the elusive beauty. The first time we met at the bar, in bed, you always called me "Luna"". You slept with me because I have the same vermillion birthmark,right? "

I was going to speak with a sarcastic tone, but suddenly I felt very sad.

My eyes were wet with tears.

"Lizzy Zoe, why are you so stupid?" William Chuang laughed and sighed. "What is in your mind, marble?"

"You're stupid, your mind is full of granite!" I retorted with angry.

"If you are not stupid, why can't you see that I like you? " William Chuang took me into his arms and squeezed my cheek.

I pushed him away, "What did you say? Say it again! "

Did I misunderstand? William Chuang admitted that he liked me?

My eyes were wide open and my heart beat so fast!

I saw William Chuang's face flushed!

I couldn't believe he would feel embarrassed!

"I would never say that again." He refused my request and tried to change the subject.

"What's our daughter's name?"

"No! You must say it! " I shook his arm in pettish, "I didn't hear clearly."

William Chuang still refused to say.

21:37

I pestered him, kissed him, and courted him. Finally, he gave me vague words "Okay, okay, I have liked you, for a long time ..."

"Really?" I was so happy that I jumped so high that my head hit the roof of car. But I didn't care, I continued to ask him, "When did you like me?"

"Probably when you were working overtime with unkempt appearance and still boast of your beauty in the bathroom."

"Wow, I was curious why you were so kind to let me take a bath in your office. " I smiled triumphantly. "It's a long time ago."

William Chuang patted my head helplessly. "What about you? When did you like me? "

I stared, "When did I say I like you?"

William Chuang was fooled by me. He was surprised, "If you don't like me, why did you give birth to a child for me? Wasn't it because you like me? "

As an arrogant and domineering man, he is extremely charming when he becomes childish.

I couldn't help jumping on him and kissing

21:37

him, "Okay, hold your tongue and kiss me."

We kissed from the car to the hotel, and from the door to the bed.

We spent the whole night lingering on the bed, and we did all the intimate things between lovers.

Our joy is undescribable. Please imagine by yourself.

In a word, it was extraordinary!

It was almost dawn before we lay down and rest exhaustedly.

I nestled against William Chuang's chest and asked him, "Is it because I gave birth to a child, you finally admit your feel to me?"

"Mmm." William Chuang held me tight and his chin pressed against my cheek. "You gave birth to our child. I believe you like me. I wronged you before."

"What did you think of me before?"

"I thought we only had passion but not love ..." William Chuang smiled wryly. "Didn't you always regard us as friends with benefits?"

21:37

I was speechless for a while, "..."

I was totally wronged by him? The relationship between friends is clearly his orientation.

William Chuang and I were still asleep when Luna Ford called him at 10 a.m..

"William, are you in the company? I baked a delicious chiffon cake today. Could I send it to you later? "

William Chuang frowned and was about to speak in a daze when I grabbed the cell phone.

"Miss Ford, William is still in sleep on the hotel bed. Save the cake for yourself. " I deliberately uncovered our relationship.

Luna Ford's face must be twisted with anger, because I heard her hoarse voice, "Who is that? Lizzy Zoe? How do you know William is still asleep in the hotel? "

I think she is not that smart.

I don't even know how to answer this question.

After thinking for a while, I told her in a sweet

voice, "Yes, Miss Ford is so smart! It's Lizzy Zoe. William is lying besides me. He asked me to tell you not to disturb him. He was too tired last night. He needs to get some sleep and regain his energy. "

"You! You! " Luna Ford stammered with anger.

I didn't care about her, whistling and hung up the phone.

William Chuang was a little bit unhappy. "Why did you stimulate her? She is ill and cannot be angry. "

I am a little embarrassed to hear William Chuang say so. Maybe I have gone too far to bully a patient like this.

"Well, I was wrong! I will return the 300,000 dollars to her later. " I quickly admit my mistake.

William Chuang was speechless. "Did you even take her money?"

"Why not?" I deliberately teased him, "If she didn't pay, I would never divorce you so willingly."

William Chuang champed with rage, "Lizzy

21:37

Zoe! Why are you so greedy? Wasn't it enough to take a million dollars from me? "

"Yes! Why do you think I like you? I'm so greedy that I only care about your sex skills and money " I looked at him sideways, posing as a amorous feelings.

"D\*mn girl, I have to teach you a good lesson!" William Chuang rolled over and pressed up.

## Chapter 25

Soon William Chuang and I have fallen in love.

After living for 27 years, I knew for the first time that it was so wonderful to be in love.

I smile sweetly every day. And I feel the air, even the streets that I have walked every day are full of aroma.

But Katy Van said that it was not aroma at all, but the sour smell of love.

I smiled kindly at her like an elder. I know that she is envious as a single. But I don't mind it.

I am so tolerant and open-minded when I'm in love.

Chuang's elders soon got the news and they brought gifts to visit Ann.

"Great. After looking forward for so many years, I finally have my own great-granddaughter. It's worth celebrating! "

William's grandmother smiled happily and

hugged Ann all the time.

Wendy Sum was lukewarm to me, but seeing Ann waving her little fat hand at her, her reserve disappeared.

"Good granddaughter, let me hold you." She hugged Ann and smiled with a kind smile. "Our Ann are really good-looking. Look at these big eyes. When you grow up, you will surely be very popular!"

"Of course, the genes are good." William Chuang smiled triumphantly.

William's father, who has always been serious, even joked, "That's because I have passed it to you."

Chuang's families all burst out laughing. There was a warm atmosphere in the living room.

My mother and I looked at each other with a stiff expression.

While the Chuang's were playing with the kid, I followed my mother into the kitchen.

"Mom, isn't it terrible now?" I asked my mother in fear and trembling, "What if they know in future..."

21:45

"Shh!" My mother quickly closed the door and said to me in a low voice, "Isn't it good for the Chuangs to welcome this child? Their family has power and influence. When Ann's surname become Chuang, she will definitely lead a good life. "

"But ..." I bit my lip, "I feel uneasy."

Cheating is not pleasant.

"Think of your sister!" My mother pinched me with anger. "Are you trying to ruin Vivian's future life?"

So I compromised.

I never expected William Chuang to come to recognize the daughter.

Now it is out of control.

Even my anti-marriage philosophy has been challenged. Because William Chuang has formally proposed to me.

"Marriage? No, I'm only 16 years old and haven't reached the legal age of marriage." I joked with William Chuang, trying to pass the buck.

I really don't want to get married. My parents'

21:45

marriage has cast an unfading shadow on my heart.

"I never know a girl of the same age like you would develop so well." William Chuang pretended to be a rogue, reaching for my chest.

"Well, I'm gifted, just like you." I flirted with William Chuang, but William Chuang did not smile. He looked at me seriously. "Lizzy Zoe, I hope you will think it over and give me an answer as soon as possible."

"Well, I will consider." I readily promised.

The most important thing is to appease him.

However, I really enjoy my present life.

With a kid in our home, my mother's life has been enriched a lot. So am I. When I come back from my work, I have a cute kid to accompany as well as William Chuang.

It is more comfortable than getting married and dealing with a large family.

However, happy times are always short.

One day when I helped Ann to take a bath, Katy Van called me.

21:45

"Lizzy ! I saw William Chuang, with Luna Ford! "

"Is it?" My heart thumped, "Why do you know Luna Ford?"

"I knew it. She also has a cinnabar mole between her eyebrows. My silly girl." Katy Van tutted.

"What were they doing?"

"They just came out of the hotel, and walked to the cinema! They seemed to have reserved a box to watch movie together." Katy Van deliberately irritated me like a rubberneck.

I became combative, "Shut up! Send me the location! I'm going now! "

"Let me go with you. I'll wait for you at the gate of the cinema." Katy Van finally realized that she was my best friend, not a bystander.

Katy Van and I stayed at the gate of the cinema for two hours before we finally saw William Chuang and Luna Ford.

William Chuang did not panic at the sight of Katy Van and me.

He even smiled and introduced Luna Ford to

21:45

Katy Van.

"Hello, Miss Van. I'm William's friend." Luna Ford reached out to shake hands with Katy Van.

Katy Van was about to respond but was scared by my glare, so she quickly withdrew her hand.

"William Chuang, aren't you busy these days? Why do you still have time to accompany others to dinner and watch movies?" I skipped greetings, started to interrogate him.

Before William Chuang could speak, Luna Ford cut in, "Miss Zoe, don't be angry. I asked William here. Today's movie is based on a novel that William and I used to like very much. When I heard about the movie adaptation, I invited William to watch it."

Tut-tut, she and William Chuang both liked the novel very much.

T

I was jealous and I spoke bluntly, "Did I ask you? Why did you pretend to be innocent? You just are William Chuang's ex-girlfriend. Listen up, it's "former", the past tense! What

do you mean by pestering him every day to do things that only lovers would do? "

William Chuang frowned and stretched out his hand to pull me. "Lizzy Zoe, let's talk about it later."

"Say it now!" I shook off his hand and said, "Will you go to the hotel to catch up on bed later after dinner?"

"Lizzy Zoe !" William Chuang's face darkened and dragged me forward.

"What are you doing? Leave me alone! " I was angry and wronged. I spoke out without thinking for a while, "William Chuang, I will never ever marry an idiot like you. Even if I... "

"Lizzy ! Don't talk nonsense! Are you out of your mind? " Katy Van quickly stopped me and tried to explain to William Chuang. "Lizzy didn't mean to it, Mr. Chuang, don't take it to heart."

What I had said should be very annoying, because I saw the veins stood out on William Chuang's forehead suddenly and violently.

He was furious.

I am the one who should be angry! I stared at

him.

"Lizzy Zoe," Luna Ford, who had been standing nearby, suddenly said with a cold and arrogant voice. She was full of superiority, "I looked up at you before and thought that the girl William liked must have something extraordinary. Now it seems that I was wrong. Your narrowness and vulgarity have opened my eyes."

She took a breath. Her face was a little pale, "Lizzy Zoe, the friendship between William and I is nothing shady. It is the most normal communication between old friends. If you can't tolerate this, I don't think you and William will be happy even if you remarry."

"Yes! I am narrow-minded, I am vulgar, but at least I live magnanimously. I never schemed to steal other people's boyfriend every day. I..."

Before I had finished speaking, I saw William Chuang reach out and hold Luna Ford. He asked her urgently, "Luna, are you all right? Does your heart hurt again?"

Luna ! Luna ! Luna !

21:46

F\*ck you!

Katy Van and I watched William Chuang embrace Luna Ford and get on a taxi.

My tears streamed down my face and I chased the taxi and scolded, "What a big deal! You're weak, so you have the right to be scheming, haven't you? B\*stard! William Chuang, you b\*stard!"

"Forget it, Lizzy," Katy Van sighed. "Luna Ford is a tough character. you can't beat her."

## Chapter 26

William Chuang and I got into a cold war. He called me several times and I didn't answer. After that, he stopped calling.

We haven't contacted for three days.

I went to the medical cosmetology department and had the red mole between my eyebrows removed by laser.

I have already decided that if William Chuang doesn't come to me in two days, I will break up with him.

Falling in love is too annoying. I'd rather be a happy single lady.

It was a nice day. My mother and I took Ann to the park in the center of the city to enjoy the sunshine.

Ann was lying in the stroller and curiosizing about everything. She pointed here and there with her little fat fingers and enjoyed herself.

When Ann was tired and fell asleep. My mother pushed the stroller and sat on the

21:46

still like you?"

"It's surely because of my hot body shape and my gorgeous face." I urge him to leave, "it's almost lunch time, go back to your own home."

bench to rest. And I went to buy some water.

When I came back, I saw a group of old people gathered near the bench. They were all talking excitedly.

Seeing my mother collapsed on the ground crying, I panicked, "Mom! What's wrong? "

"Ann is missing! Ann is missing! " My mother grabbed my arm and wailed loudly.

I quickly turned my head. The stroller was still there, the child was gone!

"I dozed off for a while! The child is gone! " My mother cried sadly, "I have looked for her everywhere, but in vain."

"Yes, we all helped to look for the kid in the small park. But we didn't see her." The old people looked at me sympathetically. "We have already called the police to see if they can get the child back."

I panicked too, grabbed my cell phone and called William Chuang instantly.

"Ann is missing! Someone stole her from the park! " I wept and could not speak smoothly.

William Chuang was calmer than I was. "Did

you call the police? I'll get someone to look at the monitoring records immediately and let the traffic police set up checkpoints along the way. Ask more people in the park to see if there are any other witnesses."

William Chuang's calmness somewhat comforted me.

I looked for more potential witnesses with my mother in the park. What an aunt said attracted my attention.

"When I came over from the lake, I saw a woman in her forties, with her arms bulging, and covered herself by a shawl from neck to belly, looking pretty furtive."

I became alerted, "What does she look like? What kind of clothes does she wear? Is she tall or short, fat or thin?"

The aunt said hesitatingly. "It's really hard to say. She is just a very ordinary middle-aged average-looking woman, with a normal shape."

"However," she suddenly remembered, "there is a beautiful young woman staying with her. She has a long hair, big eyes, and a cinnabar

mole between her eyebrows. "

Cinnabar mole? Luna Ford ?

My whole body was frozen. Does this matter have something to do with Luna Ford?

I called William Chuang and told him everything about the aunt said.

"Well, leave it to me, don't worry. No later than tomorrow morning, there must be results. " William Chuang was always so calm and determined.

My mother and I didn't dare to tell my sister about it. We forced ourselves to act normally and stayed up almost all night until the next morning.

At dawn, I couldn't wait but to call William Chuang.

"How is it? Have you found Ann?"

"Come to Qingtian Road Police Station. Ann is here. She is very safe." William Chuang's voice was tired and he seemed to have stayed up all night.

My mother and I hurried to the police station.

Seeing Ann, we both rushed over and cried

out.

Ann was very good. She was safe and sound, and was sleeping. But her hair was sticky and stink.

"Are you Zheng Ann's guardian?" The policeman looked at me.

"Well, I am." I picked up Ann and felt distressed, "what is going on here? How did my daughter become like this?"

"It's a prank. Someone left her in the abandoned garbage station. It took us a lot of time to find her."

"Prank? You call it prank? This is child trafficking! This is a crime! ! It's not a prank at all!" I shouted excitedly.

"Lizzy, calm down." William Chuang stopped me.

"Sign here and take your kid home." The policeman handed me a document.

"What kind of b\*astard would do this to such a little kid?" My mother wiped away tears and asked the police.

The police pointed at the interrogation room,

21:46

"Over there. It is really weird. The woman works as a nanny in someone else's house. She doesn't know you. There is no motive at all."

I was about to break into the interrogation room when William Chuang stopped me. "Don't go, it's meaningless. Let's go. I'll take you home."

When we arrived, we found Luna Ford was waiting for us.

Next to Luna Ford, stood a middle-aged couple, dressed in expensive clothes, were apparently her parents.

Luna Ford did not look at me, but turned to William Chuang, crying.

I was so furious that I rushed to try to slap her, "Luna Ford! Did you order your nanny to do it? If you hate me, come at me! Why did you hurt my daughter? You wimp! You make me sick!"

"I'm sorry!" The middle-aged woman spoke, "it is my daughter's carelessness that led to such a thing. She should have paid more attention to the nanny. Miss Zoe, I apologize

for Luna and the nanny. "

"Carelessness? I don't buy it!" I was extremely angry, "Your daughter is behind this! The nanny doesn't know my daughter. Why does she want to hurt her? "

"This is 200,000 yuan. Please accept it. We want to show our apology, and to compensate the child for her suffering." The middle-aged man handed me a card.

"Who wants your stinking money?" I threw away the card, "Your daughter should be in jail! I will spare her from punishment! "

The middle-aged man changed his face, "Sue her? Try it. Without proof, who will believe you? The nanny has confessed herself. I'm sure you won't win in the court."

"Mayor Ford!" William Chuang spoke in a low voice, "I used to call you uncle Ford, for the consideration of a long-term friendship between our families. I didn't mean to ascertain Luna's responsibility. But make me wrong. In B City, you're not that powerful! If you choose the tough way, I'm afraid your position will be threatened."

His voice was low, his tone was insipid, but somehow it was chilling and frightening.

In the past, I hated the officiallings.

But today, I felt delighted when I saw William Chuang beat Mayor Ford easily?

The Fords left despondently.

My mother took Ann to take a bath. William Chuang looked at me and suddenly chuckled, "Refusing 200000 yuan? Lizzy Zoe, it's not your style."

I'm not in the mood to discuss money with him. I want to educate him on morality.

"William Chuang, who are the good guys and who are the bad guys, are you clear?" I proudly taught him, "Luna Ford is beautiful and elegant, but she is a gentle scum! As for me, although I am outspoken, I have a heart of gold!"

When I finished speaking, I felt like I just admitted that I was not as beautiful as Luna Ford. So I quickly added, "Of course, my beauty is far more than hers!"

William Chuang was amused by my last remark. However, he did not praise my heart

of gold, but to gently lift my chin. "Lizzy, where is the mole between your eyebrows?"

"I sent it to reincarnate." I looked at him expressionless, "Why? Do you want to chant for it?"

"Silly girl." He took me in his arms, "I like you, never because of this cinnabar mole."

"Then why? For my heart of gold?"

"For your beautiful body shape and your interesting soul." William Chuang stared deeply into my eyes. "Lizzy, marry me."

"No." I refused him coldly "Luna Ford tried to hurt my daughter because of you. I can't take my daughter's life at risk."

"Still angry?" William Chuang hugged me and sighed deeply, "In fact, I am also partly responsible for Luna's illness. Because of me, she missed a very important surgical opportunity. I have been feeling guilty about her."

"Then why don't you marry her? To compensate her, right?" I rolled my eyes.

"You really have no sympathy at all." William Chuang looked at me helplessly. "But why do I

## Chapter 27

I didn't have lunch at home. Instead, I went to a law agency to consult about a case.

I intended to sue Luna Ford. I knew she had only two years left. But it's another story. She should never hurt an innocent kid like this.

After hearing the whole story, the lawyer said to me, "Miss Zoe, I suggest you give up. First, the kid doesn't get real hurt. Second, the nanny has taken all the blame. Third, the Fords have already interfered in the case. Fourth, the child's father has chosen to understand. Not to mention, Luna Ford is terminally ill. Even if you win the case, Luna Ford will be released on parole for her illness. At last, you will get nothing but a waste of time and money."

I was indignant, "Then she just walks away after from this? After doing such an evil thing?"

The lawyer shook his head, "She cannot even live for two years. Do you think she is at

21:46

ease? "

"It's different!"

"But our country cares relationship the most."

Then I had to give up.

Leaving the lawyer's office, I wandered around the street in a bad mood.

"Lizzy !" Suddenly someone called me from behind. I turned and saw Noble Liu.

With books in his arms, he smiled pleasantly at me.

I haven't contacted him since my miscarrying.

He had called me several times, but I never answered. It was embarrassing to meet him under such a condition.

He might have considered me to be a dissolute woman.

"Noble, what a coincidence." I forced a laugh and did not know what to say.

"Lizzy, why are you so thin?" Noble Liu looked at me carefully. "Are you all right?"

"Do I look so bad?" I tried to cheer up, "Don't I

21:46

look young and beautiful?"

"Oh, come on. You are always adorable."

Noble Liu became relaxed, "Go for a drink?"

He pointed to the milkshake shop by the road.

Therefore, in the milkshake shop, I sat opposite to Noble Liu.

As we were chatting, the atmosphere between us finally warmed up. We had dated several times. But it didn't work out. Our friendship wouldn't be affected even if we couldn't become lovers.

"So you are with Mr. Chuang now?" Noble Liu asked me.

"Yeah."

"Do you love him?"

I thought for a long time before I smiled, "I don't know. Maybe."

What is love? I don't know. Love should be a deeper feeling, so deep that I am willing to marry him. Even if he cheats on me in the future, I will not regret marrying him.

Do I love him? I really don't know. Love is

21:46

complicated. I'm not good at dealing with it.

"Lizzy, you love him." Noble Liu suddenly took my hand and said, "Bless you."

I asked curiously, "How do you know that?"

In fact, I'm not sure I want to marry him now.

"I just know." Noble Liu smiled, "It's man's intuition about his rival."

"Rival?" I was a little embarrassed.

Noble Liu was quite frank, "Yes. If you are not with him, I will keep chasing you."

"Noble, I'm sorry."

"Don't say that. Love is cruel. That's why it is beautiful. It's not easy to find someone loves us in the same way we do to them." Noble Liu's smile was warm, "If I meet the right one, I am lucky; If not, I accept it as well."

I walked around the table to him, pulled him up and hugged him.

"Thank you, Noble. Really."

"Go for it, Lizzy." He patted me on the shoulder.

I didn't know there was an interview outside

21:46

at that moment. Noble Liu and I were accidentally shot by the video camera.

It was very late the next day. I was working overtime when William Chuang called me.

"Lizzy Zoe, where are you?"

His voice seemed calm, but I could tell a hint of anger.

Every time he was angry, he would call me by my full name.

"In the company. So what? "

What the h\*ll?

I tried very hard to recall any mistake I've made that day, but in vain.

"I'm at your company. Go downstairs. Now."

He used the tone of command.

However, I enjoyed this feeling. Sometimes playing overbearing makes a man cute.

I rushed downstairs as soon as I picked up my handbag. I ran so fast that I couldn't stop my feet, until I ran into William Chuang's arms, forcing him to step backward.

"Oops! Sorry! My bad." I pretended to be

sorry.

"Stop pretending!" William Chuang took out his cell phone from his pocket. "Lizzy Zoe. You are well-known now, for cheating on me!"

He clicked on the news video on his cell phone.

I saw a woman stood up and hugged a man by the window.

It was Noble Liu and me.

"Oh,no! It's just a friendly hug!" I retorted loudly, "William Chuang, don't you forget you watched movies and dined with your friend, Luna Ford?"

"But I never hugged her like this!" William Chuang gnashed his teeth, out of jealousy.

I refrained laughing and looked at William Chuang with an official face. "Since you can't accept it, let's break up."

"What?" William Chuang widened his eyes in disbelief.

"I said we should break up! Now, go to the hotel, make a breakup agreement! " I pointed

to the five-star hotel next to the company, "The space there is large enough for us to discuss about the details!"

Hearing this, William Chuang's look was extraordinarily cute, melting my heart.

Soon, we had a formal "meeting" in the king-sized bed.

After a few hours, we finally were exhausted, lay down.

"You are not allowed to meet the nerd again!"

William Chuang gnawed at my neck.

"Am I delicious?" I asked him drowsily.

"Do! Not! Meet! Him! Do you hear me? " Ouch! This naughty boy started to bite me forcibly.

"I can't say that! Maybe I will meet him someday. Possibly hug him again! " Feeling the tooth marks on my neck, I was a little bit angry and provoked him.

"Lizzy Zoe! You will be sorry for this!" William Chuang came up again and started to "torture" me again.

We played the adult game until midnight. I couldn't hold it, so I begged him, "Mr. Chuang,

please spare me. I swear I won't hug other men in the rest of my life. Could you stop now? Please."

"Well, since you are finally aware of your fault, I forgive you." William Chuang sped up, and finally done for it. Holding me in his arms, he suddenly said, "Lizzy, marry me."

"Wow, it's not a big problem. Maybe we could talk later. Sleep now." I didn't even have the strength to take a shower. I turned over and fell asleep soon.

When I got up the next morning, I found William Chuang sitting by the window alone.

"What's wrong? I said it was just a friendly hug. I will never hug him again! What else do you want?" I was getting impatient.

"Lizzy Zoe, you turned me down for the third time." William Chuang stared at me. "You have missed the opportunity. I won't propose to you again."

"Well, it's ok. I'll propose to you." I tried to appease him immediately.

Did he propose to me last night? I totally have no idea.

21:46

"Lizzy, not everyone will take time to wait for you to say 'yes'." William Chuang seemed melancholy.

Then he got up and left.

He just...left?

Why does he in such hurry? It's only one year since we have known each other. I'm not ready for a marriage. I got dressed restlessly when thinking of this.

But deep in my heart, I'm not sure about it.

Is it the time to marry him? Am I ready?

## Chapter 28

In the evening, Wendy Sum called to scold me.

"Lizzy Zoe, what is your heart? The children have all been born and William's proposal has been rejected many times. On your terms, do you think you can still ride a donkey to find a horse and find a better one than Williamsadfasdfasd?"

Seriously, I'm really tired of Wendy Sum, but for the sake of her being William Chuang's mother, my tone is polite.

"Aunt Song, how can you say your son is a donkey? William will not be happy to hear it. In my heart, William is the best man in the universe."

I brag about William Chuang, Wendy Sum has a better tone.

"Then what are you still melodramatic? My son is not worthy of you?"

"Marriage is a major event in life. Of course, you should think about it carefully." I told

Wendy Sum very seriously, "I am a very cautious, very strict, very traditional person."

Wendy Sum hissed, just like her son:

"Tradition? You are so traditional that all the children who have not been married have been born!"

My face turned red and I threw the pan at William Chuang. "It was your son's fault too! It's his overlord who has forced his bow!"

Anyway, it's not me. I'm so reserved.

"It's no use being glib with me!" Wendy Sum warned me, "Lizzy Zoe, it doesn't matter if you don't get married. Anyway, we must fight for Ann's custody. We, Chuang's children, cannot be left alone! "

"Ha ha ....." I really laughed out loud, "the queen said very well, the royal dragon, how can you live on the folk!"

Provincial and ministerial officials are amazing. Not to say that the downfall is the downfall!

Look at her arrogance, thought the whole universe is ruled by her family!

Perhaps my sarcastic tone was too obvious. Wendy Sum hung up the phone without saying a word.

Life went on as usual. William Chuang and I never mentioned marriage again.

Sweet words, tender feelings, cold war, apology and reconciliation.

Like all lovers in the world, we find each other and adapt to each other during the running-in.

Ann grows more lovely. And will really call dad.

The first time I heard Ann call him "father", William Chuang was so happy that he picked up Ann and turned it around for more than a dozen times. when he put Ann back on the climbing mat, the little girl shook a few times and stumbled. Dizzy.

I sent the video to William Chuang's grandmother. The old man liked it or not and forced us to send Ann to Chuang's for a few days.

Chuang's hasn't had children for decades. Ann is in Chuang's, and the treatment is even better than princess.

21:47

Wendy Sum began to urge marriage again and threatened me with custody.

I won't let go. I am really a little scared.

Is this not good? Why do you have to get married?

The weather is getting cold. Ann was ill when the first snow fell in winter.

When she was ill, I happened to be away on a business trip. My mother told me that I had caught a cold and it was not a serious illness, so I didn't care too much.

I didn't expect that when I came back, it was Chuang's three-hall joint hearing that greeted me.

"Lizzy Zoe ! You cheap woman! " Wendy Sum grabbed a DNA test and threw it into my face. "You tricked us so hard!"

William's grandmother also glared at me angrily, "Lizzy Zoe, what is going on here? Whose child is Ann? Why did you lie to us about William's child? "

"If Ann hadn't been ill and found to have the wrong blood type, we would have been suspicious and tested for DNA. How long are

you going to keep this from us?" Grandpa Zhuang also roared.

My whole body is frozen with blood.

I turned my head to William Chuang. William Chuang sat on the sofa and looked at me with a straight face.

In a short span of ten days, he lost a large circle and his beard was not shaved. He looked very gaunt.

I went over and grabbed William Chuang's hand and tried to explain, but could not say anything.

I can't explain.

I don't want to expose my sister's secret to the sun. She will take the college entrance examination soon. There can be no mishap.

I looked at William Chuang mournfully, tears streaming down my face unconsciously.

"is it Noble Liu's?" William Chuang asked me.

I didn't nod or shake my head.

I can't answer this question. I don't know who Ann's father is. No one knows.

"Get out!" Wendy Sum grabbed the pile of

21:47

paper and threw it at me. "Please get out of my house right away!"

She was so angry that she began to cry, "how much thought we have put into this child and how much affection we have wasted! It turned out to be raising children for others! "

Then get out.

I lowered myself to mywood and picked up the paper.

Turned around and walked to William Chuang. I bowed deeply to him: "William, I'm sorry, I shouldn't have lied to you."

Yes, I shouldn't have lied to him.

Perhaps, from the beginning to the end, I knew that William Chuang chose to stay with me, largely because of this daughter.

I finally believed what Noble Liu said.

I love him, I love this man more than I thought.

When I got home, I didn't even take a bath and slept with my head covered.

I didn't go to work the next day.

I am sad, I am not happy. My heart is like

being dug up and it hurts.

"Lizzy, what's the matter with you? Didn't you go to Chuang's? Did you quarrel with William? "My mother carefully brought the meal to the bed.

"I broke up with William Chuang." I feebly told her, stretched out his hand to take the job, eat hard.

I won't go on hunger strike. My mother is such a good cook that I will eat until I am ninety-nine!

"Slow down, slow down, don't choke." My mother lovingly touched my hair, "What's the matter?"

"They tested Ann and William Chuang for DNA." I gulped down the meal, put down the bowl and wiped my mouth.

"ah!" My mother was shocked, "Well, then you said Vivian..... ...."

"I'm not stupid." I rub my face to cheer myself up, "several nannies of Chuang's are listening with their ears up. it's too easy to get out. "

"Son, I have wronged you." My mother began to wipe away tears again. "It's all because I

have no ability. My two daughters followed me and suffered ..."

"no! I am happy with you! Braised pork is the most authentic in the universe. Vivian and I are both happy. " I could not help comforting my mother with sadness. I managed to make her laugh and saw Ann wake up and looking at me with big eyes open.

"Dear daughter, let your mother hold you." I picked up the little girl, put my face on her head and rubbed it gently.

Ann's hair is thin and soft. My mother said that people with such hair have good hearts and good temper.

"Baby, will mother and you live together in the future?" I kissed her little face, saw her grinning, revealing two small white teeth, the in the mind suddenly full of fighting spirit.

"Ann will grow up quickly. when she grows up, mother will take you and your sister- in- law and grandmother out of town. we will go to the mountains, the sea, the ponies and the big boats!"

"Mom, mom!" Ann smiled at me. Word by

21:47

word, a "mother" popped up.

"Dear baby, mother loves you! Young aunt and grandmother also love you! Everyone loves you! "

I hold Ann tight, full of warmth and strength.

## Chapter 29

A few days later, I accidentally saw my classmate's SNS post that he had gone to the hospital to visit Noble Liu.

Noble is always in good health. Why is he hospitalized?

I grabbed my cell phone and called him to see if he was better.

"Lizzy." Noble Liu's voice was as gentle and pleasant as usual.

"Noble, are you OK? Why are you in the hospital? "

"I'm fine. Don't worry. I will be discharged in a month. "

"A month later? Is it so serious? What had happened? "

"A broken rib." Noble Liu smiled, "But I've received treatment. I will recover soon."

"How did you get injured?"

"It was my fault. Never mind. I'll be fine."

21:47

Finding Noble Liu was reluctant to talk about his injury, I began to suspect. Is there anything he doesn't want me to know?

So I called my classmate Lim Zhang.

"Lim, what happened to Noble? I have called him, but he refused to tell me the truth. Do you know it? "

"He was hit by a man." Zhang Ling was very angry. "Noble knew about the guy. He called him Mr.Chuang. That guy is a nut. He hit Noble like a d\*mn gangster! "

"Mr. Chuang ?" My heart beat fast, "Are you sure?"

"Or Mr. Zhang? I'm not that sure. "

Then I knew the day Noble Liu was hit was exactly the day after I came back from a business trip.

It was William Chuang hit Noble!

I was so angry that I called William Chuang instantly.

"William Chuang, are you f\*\*king mad? Ann is not Noble Liu's daughter at all! Why did you hurt Noble Liu! Idiot! You are f\*\*king idiot!!"

21:47

William Chuang was silent for a moment. Then he sarcastically said, "Lizzy Zoe, how many Toy Boys in your bedroom! I guess you have no idea."

"Well, your poor little brain can never know it." I was so irritated that I bragged, "I have 10000 Toy Boys. You are only on the bottom list! Are you happy now?"

William Chuang grinned, "Guess I have to go for a checkup. Hopefully, I won't be bothered by any fatal disease."

I was pissed off, "F\*\*k you! Go to hell!"

I should have known that William Chuang never lost in a fight.

Hung up the phone, I walked out of the bedroom and found my mother and my sister, as well as little Ann, staring at me with wide eyes.

"Sister, did you quarrel with William?" My sister looked at me carefully.

"You've broken up. Why did you quarrel?" My mother shook her head, added, "Lizzy, I have to tell you the truth. No men will accept a woman scold like that. What you said is

horrible."

My sister was shocked. "Did they break up? Since when? "

"Two days ago." My mother sighed, "Chuang's gave Ann a DNA test ..."

"Mum!" I tried to stop her, but it was too late.

My sister had already heard it.

I looked at her and found that she was stunned and did not say anything, so I was relaxed.

But I didn't expect that the next day, she ran to William Chuang and told him all the things about Ann.

When I left my office, I was stopped by William Chuang at the gate of the company.

I ignored him and bypassed him without expression.

"Lizzy, let's talk." William Chuang seldom spoke to me in such a low tone.

"About what? Has your result of disease tests come out? Do you need me to accompany you through the last leg of your life? "

I tried to irritate him.

"Your sister told me about Ann." William Chuang looked at me with a complex expression.

"This stupid girl!" I looked at William Chuang speechless, "If you dare you to tell anyone else, I will..."

"I will keep it a secret." William Chuang apologized to me for the first time, "Lizzy, I'm really sorry."

He looked at me sincerely. Seeing his poor eyes and long eyelashes, my heart melted instantly.

"It's too late! You broke Noble's rib! " I pretended to be a straight face.

"I'll make it up to him." William Chuang looked at me ingratiatingly. "I have provided his research group with 2 million research funds. I already called the person in charge today."

"Hum." I looked him in the eyes. "Swear it. You will never, ever tell anybody about Vivian's secret."

"I swear." William Chuang dragged me into

21:47

his arms. "I'll raise Ann with you. I'll treat her as my own daughter."

"Really?" I looked up at him, "are you so generous?"

"She has the same blood as you. To love her is to love you."

"Wow, I don't know you love me so...oooooo much." I drawled, "William Chuang, I wasn't lying to Candy Wu. You do love me. Don't you?"

"That's right. You're always right. My little prophet." William Chuang kissed my face.

In the crowded gate, we hugged each other and enjoyed the moment happily.

## Chapter 30

Chuang's families soon heard that William Chuang and I had gotten back together.

So they demanded a meet. When William Chuang got my permission, he decided to take me to see his families who were not that friendly.

"Lizzy Zoe. Why can't you leave my son? " Wendy Sum said directly.

She gave a hint to the nannies, so they all left. She looked at me with a scowl. "Can't you find Ann's father? He should be the right one for you. William deserves a better wife. Don't you think so?"

Her words somehow were reasonable, making me unable to retort.

"Mom, it's my decision. I want to marry Lizzy. I love her." Holding me in his arms, William Chuang fought back.

"What's wrong with you? Why are you so determined to be the dad of another man's kid? " Wendy Sum's was on the verge of

crying. "William, don't you have any self-esteem?"

"Mom. The thing about Ann is not what you think. I love Lizzy because ..."

Seeing William Chuang was about to uncover the secret, I pinched him quickly.

"What do you mean?" William's grandmother who was in her seventieth was always keen on gossips. "Tell us."

Looking at the old lady's sparkling eyes, I almost burst into laughter.

"Sorry, but I can't say. Dad, Mom, I've decided to marry Lizzy Zoe. Ann is never a problem of our life. Bless us, please. "

William Chuang kept on trying to persuade them, "Families should support each other, don't we? I'm always your son."

Wow! Good job! I had to admire his brilliant speech.

"Do you hear him?" Wendy Sum took William Chuang's father to back her up. "Your son is teaching us!"

William's grandmother always liked me, so

she tried to help me, "Wendy, maybe it's time for you to let William go. He's grown up. Trust him. He could make the right decision. I believe Lizzy is a good girl. Maybe Ann is not her child ... But it's another story."

Her words shocked William Chuang and me.

We never expected William's grandmother, the kind-hearted granny, to be the most intelligent person in Chuang's.

"What do you mean? If Ann is not Lizzy's child, whose child is that? "

Chuang's families were all smart. William's father immediately asked.

"Adopted?" Wendy Sum looked at me with a doubt look.

Suddenly I felt that she was kind of cute. She was so simple and easily convinced.

"The child's background is very clean. Don't worry." William Chuang tried to muddle through the family "censorship", "Lizzy and I have already prepared for the wedding next month."

"If you don't explain the child's life story clearly, there won't be any wedding!"

21:47

William's father spoke sternly, "We, Chuang's, cannot accept a child of unknown origin! "

"But we have the right to enjoy the freedom of marriage. I don't need your permission."

Saying this, William Chuang hugged me and walked out of the house.

"Oh, William, my dear. You are amazing!" I stood on tiptoe to kiss him, "A real man!"

"Then we are going to get married next month." William Chuang kissed me back,

"Deal?"

"Deal! I can't wait to marry you. " I laughed, revealing two cute dimples in my cheeks, "I don't want any Toy Boys but you."

The wedding is scheduled for next month, time is limited.

Choosing the hotel, the wedding dress and the wedding rings are very energy-consuming.

When I was selecting a wedding dress with William Chuang. Candy Wu called me.

"Sister, how are you? I heard that you left Liam Corporation. Why? Did William Chuang fire you because you failed to seduce him? "

People in love are always very happy and generous, so I joked, "Yes. My life is difficult. Could you please lend me some money? "

Candy Wu was very satisfied to hear it.

"Ouch, aren't you very popular with men? Why don't you try to borrow some from them? Or work in hotels, hook up with rich guys. Then money is not a problem! "

"Wow, you are so professional. Have you done it before?" I wasn't angry, I kept joking.

"Oh, shut up, b\*tch!" Candy Wu hung up angrily.

Only one second, the nut called again, "by the way, sister, I forgot to tell you! I'm going to marry Charles Lin, and the wedding will be held in two months. Lin's family has given me dowries worth 2 million! I can't wait to share the news. Don't be jealous. Our lives are so different. You are doomed to lead a pathetic life! "

"Wow, impressive! Congratulations! Lins is really somebody! "I tried very hard to prevent me from laughing. A new-rich family in the socks business was good enough for Candy

21:47

Wu to make her show off.

I hadn't prepared to invite Candy Wu, Peter Wu, and Lilly Gai to my wedding party. After talking with Candy Wu, I changed my mind. All of them would be invited.

By William Chuang!

## Chapter 31

The weather was especially pleasing on our wedding day.

The blue sky, the lovely sunshine, everything was pleasant.

Noble Liu didn't give me money according to tradition, instead, he sent me a wooden bracelet as a gift.

"This is agalwood. I carved it myself." He put the wooden bracelet on my wrist, "Lizzy, I wish you always be happy!"

His smile was warm and sincere, which reminded me of our high school years.

I remembered when he was in his sixteens, he usually wore a white shirt, which made him outstanding among the boys.

"Noble, thank you!" For an instant, my eyes were full of tears.

I didn't want to cry. The man I had a secret crush on for seven years blessed me at my wedding. How lovely! I was supposed to be

happy with it.

But I couldn't control my emotions.

William Chuang had told me never to hug Noble Liu again.

But I reached out and hugged him at my wedding. I was making a farewell to my youth memory.

When I released my hands, I saw William Chuang looking at us at the other end of the hall.

There was no anger or jealousy on his face, but a smile.

Everything was perfect,

except for William's father's refusal to attend the wedding.

Only William's grandparents and mother took part in our wedding.

The guests entered one after another. I was wearing a gorgeous wedding dress and waiting for my handsome groom in the splendid hall.

Flowers, ribbons, champagne, diamonds, the smiling faces of the guests, and the envy of

the ladies satisfied my vanity.

No, it's not enough. I haven't seen Peter Wu and Candy Wu yet.

"William, call Peter Wu. Their family hasn't come yet." I secretly urged William Chuang.

"You won't let it go, right? " William Chuang knew what I meant, so he did as I required, "As you wish, my wife."

When Peter Wu came in with Lilly Gai and Candy Wu, I greeted them.

With resentment, Candy Wu was judging me from my luxurious wedding dress.

"VeraWang." I smiled, and "kindly" told her the brand of the wedding dress, "Candy, I heard from the brand director say that you tried to rent this wedding dress before?"

Candy Wu's face changed instantly, which pleased me very well.

"Sadly, wedding dresses worth of 2 million are not for rent." I smiled and earnestly suggested to her, "Candy, don't be so vain. You can't always get what you want. If you can't afford it, try other pieces. It's not shameful. Am I right? "

Seeing this, Peter Wu was irritated, and he stared at me and lowered his voice. "Watch out your mouth! Candy is your sister, don't be so mean to her."

I answered him smilingly, "If it makes me pleasant, I don't mind to be mean."

"You!" Lilly Gai's face turned pale, "Lizzy Zoe, how dare you! Though your husband is not bad, Candy's fiance is as well-known as William Chuang in B City!"

"Well, I'm sure he is. Famous advertiser majored in socks business." I turned around with a charming smile, "I'll go and prepare first, enjoy yourself!"

"I'm happy that you hate me but can't kill me." This sentence was exactly what I thought at that moment.

I specially arranged my family and William's grandparents to sit at the same table with Peter Wu's family.

I'm close to William's grandmother. The righteous old lady hates mistress the most. She promised me that she would help me to avenge my mother.

As the auspicious hour was approaching, I followed the wedding host's instructions and walked to the other end of the carpet to wait.

My heart suddenly thumped fast.

Listening to the wedding music played by the band, I had a dreamy unreality.

Is it true? I'm going to get married, though I once vowed to be single for the rest of my life?

Do I really want to marry William Chuang? From now on, whether sick or healthy, rich or poor, will I join hands with him?

I asked myself, Lizzy Zoe, is this your final decision?

I looked at William Chuang at the other end of the carpet.

He was smiling at me. So far apart, I could see the light shining in his eyes.

Like a feather flits lightly, or a flower blooms quietly, my heart was melt.

Yes, I'm willing to marry him. I love him, indeed!

Then William Chuang and I walked slowly

towards each other along both ends of the carpet.

During this journey, from mutual contempt to mutual admiring, William Chuang and I stumbled and experienced so many setbacks, and we finally are together and exchanged rings, vows, and precious kisses.

We stared at each other so deeply that we were teary.

When we were about to exchange rings, there was a sudden commotion in the hall and everyone looked at the entrance.

"Secretary Chuang!" Some flatterers cried excitedly, "Secretary Chuang is here!"

Yes. The burly figure at the gate was William Chuang's father.

At the critical moment, he finally came!

The upright man, who had once said he would never attend our wedding, came to attend his son's wedding, even if he did not approve of our marriage.

My eyes followed him to the seat where my mother was sitting.

I saw William's father warmly shaking hands with my mother, while Peter Wu and Lilly Gai was grinning and greeting him.

Under the lights of crystal lamps, their grey hair was so conspicuous and their figures looked so small and humble.

My heart which used to be as hard as iron was suddenly softened.

Maybe it's time to forgive them.

It's time to forgive the injustice of this world, the greed of the people, and all vanity and superficiality.

We are mortals. Each of us is a fruit pecked by fate, full of scars.

After the ceremony, William Chuang and I came to the family table to propose a toast.

I didn't want to show off or stimulate anyone anymore. I took my groom by the arm and smiled gently at everyone.

A happy wedding should be free from jealousy and hatred.

I still didn't call Peter Wu "father", but I drank a toast to him.

21:48

When I lifted my head to drink that cup of wine, I knew that I had really let go of the past and grudges.

I finally found my peace and happiness.

The moon was round and big that night.

William Chuang and I were lying side by side on the wedding bed, our hands clasped tightly.

"Lizzy, I have a secret to tell you."

"Not a secret anymore. William. I knew it." I closed my eyes and smiled confidently.

"Really? Spit it out."

"I know you love me." I stroked his hair kindly, "silly boy, I always know."

"No," William Chuang said softly in my ear, "I want to tell you, in fact, from the first time I saw you, I fell in love with you."

The End.
